First Aid for all Territorians

St John Ambulance is Australia's leading provider of First Aid product, training and First Aid services at public events and in emergencies.

St John Ambulance Australia provides free First Aid training for school students and learner drivers. By purchasing First Aid products and First Aid training through St John Ambulance, you help us to continue to provide these programs for free, thereby ensuring more people in the Australian community have important lifesaving First Aid skills.

To order products visit www.stjohnnt.org.au or call 1 300 ST JOHN

For training visit stjohn.org.au/courses or call 1 300 ST JOHN

Introducing the modular concept in First Aid response for the workplace or community. Diagnose and respond with the appropriate modules to treat injuries at the patient location.

Clearly labelled modules combine to make the Workplace Modular First Aid Kit compliant with WHS recommendations in Australia.

Replacements are available to easily replace used modules or optimise your kit by purchasing additional modules to cover common issues in your environment.
